

4 - Gang Stripped Brass Residence Supply Outlet Cover, 120V 15A, UL Listed

- 4-gang configuration with four duplex receptacle openings
- Constructed from brass with a stripped brass finish
- Rated for 120V, 15A electrical service
- IP20 rated for dry indoor use only
- UL listed for compliance assurance
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-4-G-G-G-G is a 4-gang stripped brass residence supply outlet cover for commercial and residential electrical installations. Configured with four duplex receptacle openings, it suits multi-outlet wall plate applications where a durable metal finish is required.

Constructed from brass, this cover plate provides a robust alternative to standard thermoplastic wall plates and is rated for 120V/15A service. The IP20 rating and Non-Waterproof environmental rating indicate suitability for dry indoor environments only.

The unit is UL listed and carries a 1-year warranty.
