

4 - Gang Stripped Brass Switch Plate, GGTT Configuration, UL Listed, 120V/15A

- Brass construction with stripped brass finish
- 4-gang GGTT opening configuration for custom switch layouts
- Rated for 120V service at up to 15A
- IP20 rated, classified Non - Waterproof for indoor use
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-SS-4-G-G-T-T is a 4-gang stripped brass residence supply cover plate configured in a GGTT layout, intended for commercial and residential electrical installations requiring a custom gang arrangement. The brass construction offers a durable, workable surface suited to contractor and specification applications where field customization of switch openings is needed.

The plate is rated for 120 V service at up to 15 A and carries an IP20 environmental rating, classified Non - Waterproof for indoor use. It is UL listed and backed by a 1-year warranty.
