

4 - Gang Stripped Brass Residence Supply Wall Plate, 120V/15A, IP20, UL Listed

- Stripped brass finish and brass body construction
- Rated for 120V service at up to 15A
- IP20 environmental rating for dry indoor use
- Non-waterproof environmental classification
- 50,000-hour rated service life
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-SS-4-G-S-S-S is a 4-gang stripped brass residence supply wall plate configured for standard residential and light commercial wiring layouts. The brass construction provides a durable, conductive mounting base suited to contractor installation in switch and outlet assemblies.

The plate is rated for 120V service at up to 15A and carries an IP20, non-waterproof environmental rating, indicating suitability for dry indoor locations only. A 50,000-hour service life rating is specified for the assembly.

The product is UL listed and backed by a 1-year warranty.
