

4 - Gang Stripped Brass Residence Supply Cover Plate, 120V 15A, IP20, UL Listed

- Stripped brass finish for a durable vintage-style appearance
- Rated for 120V at 15A electrical service
- IP20 rated for dry indoor environments
- Non-waterproof environmental rating
- UL listed for compliance assurance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-G-S-S-U is a 4-gang stripped brass residence supply cover plate designed for commercial and residential electrical installations. Constructed from brass, it is suited for standard multi-gang outlet or switch configurations where a durable metal finish is required.

The cover plate is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments with a non-waterproof environmental rating.

The assembly is UL listed and backed by a 1-year warranty.
