

4 - Gang Stripped Brass Residence Supply Outlet, 120V 15A, UL Listed

- 4-gang stripped brass configuration for custom wiring setups
- Brass material construction for conductivity and durability
- Rated 120V operating voltage at 15A current draw
- IP20 rated for dry indoor environments
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-4-G-S-T-T is a 4-gang stripped brass residence supply outlet designed for commercial and residential electrical supply applications. The stripped brass construction provides a durable, conductive base suitable for contractor installation and custom wiring configurations.

This outlet is rated for 120V input at 15A maximum current and carries an IP20 rating, indicating suitability for dry indoor environments. The brass material offers reliable conductivity and mechanical durability for standard supply outlet applications.

The unit is UL listed and carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
--------------	----------
