- Brass construction with stripped brass finish
- Rated for 120V operation at 15A
- IP20 rated for non - waterproof, dry indoor use
- UL Listed for compliance verification
- Backed by a 1 - year manufacturer warranty
- Rated component lifetime of 50,000 hours

OVERVIEW

The C-VTG-SS-4-G-U-U-U is a 4 - gang stripped brass residential supply outlet designed for build - your - own wiring configurations. It is intended for use in residential supply applications where a multi - gang brass outlet assembly is required, offering a configurable platform suited to contractor and property management installations.

Constructed from brass, this outlet is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments without protection against solid objects smaller than 12mm or moisture exposure. The assembly carries a rated component lifetime of 50,000 hours.

The unit is UL Listed and backed by a 1 - year warranty.
