

4 - Gang Stripped Brass Switch Plate, Three Switches and One USB, 120V 15A, UL Listed

- Brass construction with stripped brass finish
- 4 - gang configuration with three switch openings and one USB opening
- Rated 120V at 15A for standard residential and commercial circuits
- IP20 rated, non - waterproof, for dry indoor use
- UL listed
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-SS-4-S-S-S-U is a 4-gang stripped brass residence supply device configured with three switch openings and one USB opening, designed for commercial and residential electrical installations. Built with brass construction, it suits contractors and electricians requiring a durable, multi-gang supply solution in standard wiring applications.

The device is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments where protection against solid objects is required but moisture exposure is not a factor. It is classified as non - waterproof.

The device is UL listed and backed by a 1 - year warranty.
