

4-Gang Stripped Brass Wall Plate, Brass Construction, 120V 15A UL Listed

- 4-gang configuration for multi-device wall openings
- Brass construction with stripped brass finish
- Rated for 120V service at 15A current draw
- IP20 rated, non-waterproof environmental rating
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-4-S-U-U-U is a 4-gang stripped brass wall plate from the Build Your Own Residence Supply series, configured for switch and USB device openings. It suits contractors and electricians assembling multi-gang wiring device covers for residential and light commercial installations.

Constructed from brass with a stripped brass finish, the plate is rated for 120V service at 15A and carries an IP20 rating, indicating a non-waterproof design suited to dry indoor environments.

The product is UL listed and backed by a 1-year warranty.
