

4 - Gang Stripped Brass Switch Plate, Three Toggle Openings and One USB, 120V 15A, UL Listed

- Stripped brass finish over solid brass construction
- 4 - gang configuration with three toggle openings and one USB opening
- Rated 120V at 15A for standard residential and commercial circuits
- IP20 rated for dry indoor, non - waterproof environments
- UL listed for electrical safety compliance
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-SS-4-T-T-T-U is a 4 - gang stripped brass wall plate configured with three toggle openings and one USB opening, intended for residential and commercial electrical supply builds. The stripped brass construction provides a durable, conductive base suited to contractor installation and field termination.

The assembly is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments without protection against moisture ingress. Internal components carry a 50,000 hour LED lifetime rating.

The product is UL listed and backed by a 1 - year warranty.
