

4 - Gang Stripped Brass Residence Supply Outlet, TTUU Configuration, 120V 15A

- Stripped brass finish and brass body construction
- 4-gang TTUU configuration for custom outlet assemblies
- Rated 120V at 15A for standard residence supply circuits
- IP20 rated for indoor, dry-location use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-T-T-U-U is a 4-gang stripped brass residence supply outlet configured in a TTUU arrangement, built for custom electrical distribution assemblies in commercial and residential projects. The stripped brass construction provides a durable, conductive base suited to contractor panel and outlet builds.

The outlet is rated for 120V operation at 15A and carries an IP20 rating, indicating suitability for indoor, dry-location installations where protection against solid objects is required but moisture ingress is not a design factor. The environmental rating is listed as non-waterproof.

The assembly is UL listed and backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
--------------	----------

ELECTRICAL

Operating Voltage	120 V
Current Draw	15 A

MECHANICAL

Finish	STRIPPED BRASS
