

5 - Gang Stripped Brass Duplex Outlet Residential Supply Plate, 120V/15A

- Stripped brass finish over brass construction
- Five duplex outlet positions in a single 5-gang plate
- Rated for 120V service at 15A current draw
- IP20 rating for dry, non-waterproof indoor environments
- UL listed for compliance verification
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-D-D-S is a 5-gang stripped brass residential supply plate configured with five duplex outlet positions (DDDDS). Designed for custom wiring installations, this plate is suited for residential and light commercial applications where a multi-outlet configuration is required in a single gang assembly.

Constructed from brass, the plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor environments. Internal components carry a rated life of 50,000 hours.

The assembly is UL listed and backed by a 1-year warranty.
