

5 - Gang Stripped Brass Wiring Device Plate with Four Decorator Openings and One USB, UL Listed

- Brass construction with a stripped brass finish
- Configured for four decorator openings and one USB opening
- Rated for 120 V operation at 15 A
- IP20 rated, classified as non-waterproof for dry interior use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-5-D-D-D-D-U is a 5-gang stripped brass wiring device plate configured with four decorator openings and one USB opening, intended for commercial and residential electrical installations requiring a custom multi-gang device arrangement. The brass construction provides a base suitable for field finishing or direct installation per project specifications. The plate is rated for 120 V operation at 15 A and carries an IP20 environmental rating, classifying it as non-waterproof and suited to dry interior locations. It is UL listed and backed by a 1-year warranty.
