

5 - Gang Brass Outlet Plate with Three Duplex, One Single and One USB Openings, 120V 15A

- Stripped brass finish over brass plate construction
- Configured with three duplex, one single and one USB opening
- Rated for 120 V service at 15 A current draw
- IP20 rated for non-waterproof, indoor dry-location use
- UL listed assembly
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-5-D-D-D-S-U is a 5-gang brass residence supply outlet plate configured with three duplex receptacle positions, one single receptacle position, and one USB port position. It is designed for commercial and residential electrical installations where a custom multi-outlet configuration is required in a single gang plate assembly.

Constructed from stripped brass, the plate is rated for 120 V service at 15 A and carries an IP20 rating, suitable for standard indoor dry-location installations with a non-waterproof environmental rating.

The assembly is UL listed and backed by a 1-year warranty.
