

5 - Gang Brass Switch Plate, Three Duplex and Two Toggle Openings, 120V 15A, UL Listed

- 5 - gang configuration with three duplex and two toggle openings
- Constructed from solid brass with a stripped brass finish
- Rated for 120 V operation at up to 15 A current draw
- IP20 rated for dry, non - waterproof indoor environments
- UL listed for compliance verification
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-D-T-T is a 5 - gang stripped brass residence supply assembly built with three duplex receptacle openings and two toggle switch openings in a single gang plate. It is intended for contractors and electricians assembling custom multi - function device configurations for residential and commercial wiring projects.

The assembly is constructed from brass with a stripped brass finish and is rated for 120 V input at up to 15 A. It carries an IP20 environmental rating, indicating suitability for dry indoor installations only.

The unit is UL listed and backed by a 1 - year warranty.
