

5 - Gang Stripped Brass Outlet Cover, Two Duplex and Three GFI Openings, 120V/15A UL Listed

- 5-gang layout with two duplex and three GFI openings
- Stripped brass finish over brass material construction
- UL listed for electrical safety compliance
- Rated for 120V / 15A residential and commercial service
- IP20 environmental rating for dry indoor use
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-G-G-G is a 5-gang stripped brass outlet cover configured with two duplex openings and three GFI openings. Designed for residential and commercial electrical installations, this multi-gang cover plate accommodates a mixed layout of standard duplex receptacles and GFCI outlets in a single brass assembly. The stripped brass finish suits applications where a durable metal faceplate is specified.

The cover is rated for 120 V / 15 A service and carries an IP20 environmental rating, indicating suitability for dry indoor locations. It is UL listed and backed by a 1-year warranty.
