

5 - Gang Brass Vintage Outlet Plate, Two Duplex, Two GFCI, One Toggle, 120V

- Stripped brass finish allows for field preparation or custom coating
- Constructed from solid brass for durability in the switch plate assembly
- Rated for 120V AC service at 15A across the gang configuration
- IP20 rated, suitable for dry indoor environments only
- UL listed for verified electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-G-G-T is a 5-gang residence supply assembly combining two duplex receptacles, two GFCI receptacles, and one toggle switch in a single stripped brass housing. It suits commercial and residential electrical installations requiring a custom multi-function outlet layout in one gang configuration.

Constructed from brass, the assembly is rated for 120 V AC service at 15 A and carries an IP20 rating, appropriate for dry indoor environments. The stripped brass finish permits field preparation or custom finishing to match installation requirements. The unit is UL listed and backed by a 1-year manufacturer warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
