- Stripped brass finish for a classic hardware appearance
- 5 - gang configuration with two duplex, one GFCI and two single openings
- Brass construction rated for 120 V / 15 A circuits
- IP20 rated for dry, non - waterproof indoor use
- UL listed for verified electrical safety compliance
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-G-S-S is a 5 - gang stripped brass wall plate configured with two duplex openings, one GFCI opening and two single openings. It is intended for multi - device electrical installations where a classic brass finish is specified alongside standard residential or commercial wiring layouts.

The cover is constructed from brass and rated for 120 V / 15 A circuits. It carries an IP20 rating and a Non - Waterproof environmental rating, indicating suitability for dry indoor locations only.

The assembly is UL listed and backed by a 1 - year warranty.
