

5 - Gang Stripped Brass Wall Plate, Two Duplex, One GFCI, One Toggle, One USB Opening

- Stripped brass finish over a brass body construction
- Five-gang layout with two duplex, one GFCI, one toggle, and one USB opening
- Rated for 120 V operation at 15 A current draw
- IP20 rated for non-waterproof, indoor use
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-SS-5-D-D-G-T-U is a 5-gang residence supply assembly finished in stripped brass, configured with two duplex receptacle openings, one GFCI receptacle, one toggle switch, and one USB charging port. It is intended for commercial and residential wiring applications where multiple outlet and switch functions are combined in a single gang plate.

The assembly is rated for 120 V input at 15 A and is constructed from brass for durability in professional installation settings. An IP20 rating indicates protection against solid objects greater than 12 mm, suitable for standard indoor, non-waterproof environments.

The unit is UL listed and carries a 1-year warranty.
