

5 - Gang Stripped Brass Residence Supply Outlet Combination — Duplex, Duplex, GFCI, USB, USB

- Five-gang configuration: two duplex, one GFCI, two USB ports
- Rated 120 V AC at 15 A for standard residential circuits
- Constructed of brass with a stripped brass finish
- IP20 rated, non-waterproof, for dry indoor installation only
- UL listed for code-compliant installations
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-G-U-U is a 5-gang stripped brass residence supply outlet combination configured with two duplex receptacles, one GFCI receptacle, and two USB charging ports. It is intended for commercial and residential wiring applications where a consolidated, multi-function outlet assembly is required at a single rough-in location.

The unit is rated for 120 V AC service at 15 A and is constructed of brass with a stripped brass finish. An IP20 rating indicates suitability for dry indoor environments, providing basic protection against solid objects but no protection against moisture ingress.

The assembly is UL listed and carries a 1-year warranty.

SPECIFICATIONS

OPTICAL
