

5 - Gang Brass Wiring Device Plate, Two Duplex, Two Single and One USB Openings, 120V/15A

- Configured with two duplex, two single and one USB opening
 - Constructed from stripped brass for a durable finish
 - Rated 120 V at 15 A for standard residential and commercial circuits
- IP20 rated, non-waterproof, for dry indoor use
 - UL listed for code-compliant installation
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-S-S-U is a 5-gang residence supply outlet plate finished in stripped brass, configured with two duplex openings, two single openings and one USB opening within a single enclosure footprint. It is intended for commercial and residential electrical installations requiring a multi-gang wiring device plate.

The plate is rated for 120 V service at 15 A and carries an IP20 rating, suitable for dry indoor environments classified as non-waterproof. The brass construction provides a durable, corrosion-resistant finish appropriate for commercial-grade applications.

The assembly is UL listed and backed by a 1-year warranty.
