

5 - Gang Stripped Brass Supply Outlet, Two Duplex, One Single, One Tamper - Resistant, One USB, 120V 15A

- Stripped brass finish over brass base material
- UL listed for code-compliant residential installation
- Rated for 120V AC service at 15A
- IP20 environmental rating for dry, non-waterproof indoor use
- Backed by a 1-year manufacturer warranty
- Configured with two duplex, one single, one tamper-resistant, and one USB opening

OVERVIEW

The C-VTG-SS-5-D-D-S-T-U is a 5-gang residential supply outlet constructed from stripped brass, configured with two duplex openings, one single opening, one tamper-resistant opening, and one USB opening. It is intended for residential wiring applications where multiple outlet types are required within a single gang assembly.

The unit is rated for 120 V AC service at 15 A and carries an IP20 environmental rating with a Non-Waterproof environmental classification, suitable for dry indoor installations. The brass construction provides durable contact performance in standard residential rough-in applications.

The device is UL listed and backed by a 1-year warranty.
