

5 - Gang Stripped Brass Residence Supply Connector, Two Duplex, One Single, Two USB Openings

- Five-gang configuration with two duplex, one single, and two USB openings
- Brass construction with a stripped brass finish for field customization
- Rated 120 V at 15 A for standard North American circuits
- IP20 rated for dry indoor use, non-waterproof environmental rating
- UL listed with a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-D-S-U-U is a 5-gang stripped brass residence supply connector for voltage track systems, configured with two duplex openings, one single opening, and two USB openings. It is intended for commercial and residential track lighting installations that require a customizable, multi-gang supply connection.

Constructed from brass and rated for 120 V at 15 A, the connector is suited to standard North American electrical environments. The stripped brass finish allows for field preparation or custom termination by the installing contractor. An IP20 rating and non-waterproof environmental rating indicate suitability for dry indoor locations only.

The unit is UL listed and carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
--------------	----------

ELECTRICAL

Operating Voltage	120 V
Current Draw	15 A

MECHANICAL

Finish	STRIPPED BRASS
Material	Brass
