

5 - Gang Stripped Brass Wall Plate, Two Duplex, Two Toggle and One USB Openings

- Constructed from brass with a stripped brass finish
 - Rated IP20 for non - waterproof, dry - location interior use
 - Supports 120 V / 15 A electrical service
- UL listed for verified electrical compliance
 - Backed by a 1 - year manufacturer warranty
 - Component lifetime rated at 50,000 hours

OVERVIEW

The C-VTG-SS-5-D-D-T-T-U is a 5-gang brass wall plate configured with two duplex receptacles, two toggle switches, and one USB outlet. It is intended for residential supply applications where contractors and property managers require a custom multi-function outlet arrangement in a single gang assembly.

The plate is constructed from brass with a stripped brass finish and is rated for 120 V / 15 A service at an IP20 protection level, suitable for standard interior dry-location installations. It carries a 50,000-hour component lifetime rating.

The assembly is UL listed and backed by a 1-year warranty.
