

5 - Gang Stripped Brass Residence Supply Cover Plate, 120V 15A, UL Listed

- Solid brass construction with stripped brass finish
- Rated for 120V circuits at up to 15A
- IP20 environmental rating for indoor dry-location use
- UL listed for code-compliant installation
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-G-G-S-U is a 5-gang stripped brass residence supply cover plate designed for commercial and residential electrical installations. It is intended for use in standard multi-gang wall box configurations where a durable metal finish is required.

The plate is constructed from solid brass with a stripped brass finish, rated for 120V circuits at 15A. It carries an IP20 environmental rating and is classified non-waterproof, suitable for indoor dry-location use only.

The assembly is UL listed and backed by a 1-year warranty.
