

5 - Gang Stripped Brass Residence Supply Outlet Cover, 120V 15A UL Listed

- Stripped brass finish allows on-site customization or plating
- 5-gang configuration for multi-position supply layouts
- Rated 120V at 15A for standard branch circuit use
- IP20 rated for interior, non-waterproof installations
- UL Listed for code-compliant electrical projects
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-G-G-T-U is a 5-gang stripped brass residence supply outlet cover for commercial and residential electrical installations requiring a durable, multi-position supply configuration. The stripped brass construction suits applications where a contractor or electrician will finish or customize the cover to project specifications.

Rated for 120V at 15A, this cover is suited for standard North American branch circuit applications. The brass material provides structural integrity and corrosion resistance appropriate for interior environments rated IP20 and classified non-waterproof.

The cover is UL Listed and carries a 1-year manufacturer warranty.

SPECIFICATIONS

OPTICAL	
LED Lifetime	50,000 h
ELECTRICAL	
Operating Voltage	120 V
