- Stripped brass finish for a vintage hardware appearance
- Solid brass construction
- 5-gang configuration for multiple device openings
- Rated for 120V operation with 15A current draw
- IP20, non-waterproof environmental rating
- UL listed, backed by 1-year warranty

OVERVIEW

The C-VTG-SS-5-D-G-S-S-T is a 5-gang stripped brass residence supply outlet cover designed for commercial and residential electrical installations. Constructed from brass, it is intended for use in standard supply configurations where a multi-gang cover plate is required.

The cover plate is rated for 120V operation with a 15A current draw and carries an IP20, non-waterproof environmental rating suited to indoor use.

The product is UL listed and backed by a 1-year warranty.
