

5 - Gang Stripped Brass Residence Supply Outlet, 120V 15A, UL Listed

- 5-gang stripped brass construction for multi-circuit supply
- Rated 120V at 15A for residential distribution use
- IP20 rated for dry indoor, non-waterproof environments
- Brass material provides durable terminal connection point
- UL listed for code-compliant installation
- 1 year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-G-S-T-T is a 5-gang stripped brass residence supply outlet designed for commercial and residential electrical distribution applications. The stripped brass construction provides a durable, ready-to-terminate connection point suitable for contractor installation in multi-circuit supply configurations.

This outlet is rated for 120V operation at 15A and carries an IP20 rating, indicating suitability for dry indoor environments. Rated component life is listed at 50000 hours.

The unit is UL listed and carries a 1 year warranty.
