

5 - Gang Stripped Brass Outlet Cover Plate, 120V 15A, UL Listed

- 5-gang configuration for multi-outlet installations
 - Constructed from brass with a stripped brass finish
 - Rated 120V at 15A for standard branch circuits
- IP20 rating for dry indoor use
 - Non-Waterproof environmental rating
 - Backed by a 1-year warranty and UL listing

OVERVIEW

The C-VTG-SS-5-D-G-T-U-U is a 5-gang stripped brass outlet cover designed for commercial and residential electrical installations. Constructed from brass, this cover plate accommodates multi-outlet configurations where a durable, metallic finish is required.

Rated for 120V at 15A, the cover is suited to standard North American branch circuit applications. The IP20 rating and Non-Waterproof environmental rating indicate suitability for dry indoor environments, protecting against solid objects but not intended for wet or damp locations.

The product carries UL listing and a 1-year warranty.
