

5 - Gang Stripped Brass Residence Supply Outlet, 120V 15A, UL Listed

- 5-gang configuration for multi-circuit residential supply builds
- Stripped brass finish and brass body construction
- Rated 120V at 15A current draw
- IP20 rated, non-waterproof environmental classification
- UL listed for electrical safety compliance
- 1-year warranty coverage

OVERVIEW

The C-VTG-SS-5-D-G-U-U-U is a 5-gang stripped brass residence supply outlet designed for commercial and residential electrical distribution applications. The stripped brass construction provides a durable, corrosion-resistant termination point suitable for contractor and panel-build installations requiring a multi-gang configuration.

The unit is rated for 120V operation at 15A and is UL listed for compliance with electrical safety standards. It carries an IP20 rating and is classified as non-waterproof, indicating suitability for indoor, dry-location installations only.

The product is backed by a 1-year warranty.
