

5 - Gang Stripped Brass Residence Supply Outlet, 120V 15A, UL Listed

- Stripped brass finish for a durable, conductive mounting surface
- Rated 120V AC at 15A maximum current draw
- IP20 rated for dry indoor installation only
- Non-Waterproof environmental rating
- UL listed for verified electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-S-S-S-T is a 5-gang stripped brass residence supply outlet configured for commercial and residential electrical distribution applications. The stripped brass construction provides a durable, conductive mounting plate suitable for contractor installation and field termination work.

The outlet is rated for 120V AC service at 15A maximum current draw and carries an IP20 rating, indicating suitability for dry indoor environments without protection against liquid ingress. The unit is classified Non-Waterproof and built from solid brass.

The assembly is UL listed and backed by a 1-year warranty.
