

5 - Gang Stripped Brass Residence Supply Outlet, DTTUU Configuration, 120V/15A, UL Listed

- 5-gang DTTUU configuration for mixed decorator, toggle and USB openings
- Stripped brass finish over solid brass construction
- Rated for 120V operation at 15A current draw
- IP20 rated for non-waterproof, dry indoor use
- LED components rated for 50,000 hours of service life
- UL listed with a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-D-T-T-U-U is a 5-gang stripped brass residence supply outlet configured in a DTTUU arrangement, intended for commercial and residential electrical distribution applications. The stripped brass construction provides a durable, conductive base suitable for contractor installation and field termination.

This outlet is rated for 120V/15A operation and carries an IP20 rating with a non-waterproof environmental rating, indicating suitability for dry indoor environments where no protection against direct water contact is required. The integrated LED components carry a rated life of 50,000 hours.

The unit is UL listed and backed by a 1-year warranty.
