

5 - Gang Stripped Brass Residence Supply Outlet Cover, 120V/15A, UL Listed

- Stripped brass finish over brass construction for a raw metal appearance
- Rated for 120V circuits at up to 15A current draw
- IP20 environmental rating, non-waterproof, for indoor dry-location use
- UL listed for verified electrical safety compliance
- Backed by a 1-year manufacturer warranty
- 5-gang configuration for building custom outlet arrangements

OVERVIEW

The C-VTG-SS-5-G-G-G-G-G is a 5-gang stripped brass residence supply outlet cover designed for custom electrical supply configurations in commercial and residential installations. The stripped brass construction allows contractors and electricians to configure the cover to specific outlet arrangements, making it suitable for build-your-own supply applications where standard off-the-shelf configurations are not appropriate.

The cover is rated for 120V circuits at 15A and carries an IP20 environmental rating, classifying it as non-waterproof for indoor dry-location use.

The assembly is UL listed and backed by a 1-year warranty.
