

5 - Gang Stripped Brass Wall Plate, Four Decorator Openings and One USB, UL Listed

- Solid brass construction with stripped finish for custom or bare-metal use
- Configured with four decorator (G) openings and one USB (U) opening
- Rated for 120 V operation at 15 A current draw
- IP20 rated, non-waterproof, intended for indoor electrical applications
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-G-G-G-G-U is a 5-gang stripped brass wall plate configured with four decorator openings and one USB opening, built for residence supply installations requiring a multi-outlet faceplate. The stripped brass construction offers a bare metal surface suited to custom finishing or direct installation.

The plate is rated 120 V with a 15 A current capacity and carries an IP20, non-waterproof environmental rating for indoor use. It is UL listed and backed by a 1-year warranty.
