

5 - Gang Stripped Brass Residence Supply Outlet Cover, 120V 15A, UL Listed

- Brass construction with stripped brass finish
- Rated for 120V operating voltage at 15A current draw
- IP20 rated for non-waterproof, indoor dry-location use
- 5-gang GGGST configuration for multi-outlet supply builds
- UL listed for electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-G-G-G-S-T is a 5-gang stripped brass residence supply outlet cover designed for commercial and residential electrical installations. Configured with a GGGST gang arrangement, it is intended for use in multi-outlet supply applications where a durable brass finish and a customizable gang configuration are required.

Constructed from brass, this cover plate is rated for 120V at 15A and carries an IP20 rating, making it suitable for standard indoor dry-location installations.

The cover is UL listed and backed by a 1-year warranty.
