

5 - Gang Stripped Brass Residence Supply Outlet Cover, 120V 15A, IP20

- Brass construction with a stripped brass finish
- 5-gang configuration for multi-device outlet arrangements
- Rated 120V at 15A for standard residential supply circuits
- IP20 rated, non-waterproof, for indoor dry-location use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-5-G-G-S-S-S is a 5-gang stripped brass residence supply outlet cover designed for commercial and residential electrical installations. Configured in a build-your-own format, it accommodates multiple outlet arrangements in a single gang plate, making it suitable for multi-device power distribution in offices, common areas, and similar applications.

Constructed from brass, this cover plate is rated for 120V at 15A and carries an IP20 rating, indicating protection against solid objects greater than 12mm with no specific moisture resistance, appropriate for standard indoor dry-location use.

The unit is UL listed and backed by a 1-year warranty.

SPECIFICATIONS
