

5 - Gang Stripped Brass Residence Supply Voltage Tap, 120V/15A, IP20

- 5-gang configuration for multi-circuit residence supply builds
- Stripped brass finish permits direct termination
- Brass material construction throughout
- Rated 120V operating voltage at 15A current draw
- IP20 rated for dry indoor, non-waterproof environments
- UL listed and backed by 1-year warranty

OVERVIEW

The C-VTG-SS-5-G-G-S-T-U is a 5-gang stripped brass residence supply voltage tap for commercial and industrial power distribution assemblies. Brass construction supports multi-circuit tapping in a residence-style supply configuration for contractors and electricians building custom supply units.

The unit is rated for 120 V input at 15 A and carries an IP20 rating, suitable for dry indoor environments. The stripped brass finish allows direct termination without additional surface preparation.

The assembly is UL listed and backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
