

5 - Gang Stripped Brass Switch Plate, Brass Construction, 120V 15A, UL Listed

- 5-gang configuration for consolidated switch installations
- Solid brass construction with stripped brass finish
- Rated 120V at 15A for standard residential circuits
- IP20 rated for dry indoor use only
- UL listed for safety compliance
- Backed by 1-year warranty

OVERVIEW

The C-VTG-SS-5-G-S-S-S-S is a 5-gang stripped brass switch plate assembly for residence supply wiring, configured for build-your-own vintage switch installations. It is intended for commercial and residential projects requiring a multi-gang brass switch plate with a period finish.

Constructed from brass with a stripped finish, the unit is rated for 120V at 15A and carries an IP20 rating, suitable for dry indoor environments with a non-waterproof environmental rating.

The product is UL listed and carries a 1-year warranty.
