- Brass construction with stripped brass finish
- IP20 rated for dry indoor, non-waterproof environments
- Rated for 120V / 15A electrical service
- UL Listed for code-compliant installation
- Backed by a 1-year warranty
- 5-gang configuration for multi-device wall boxes

OVERVIEW

The C-VTG-SS-5-G-S-S-T-T is a 5-gang stripped brass residence supply outlet cover designed for commercial and residential electrical installations. Built as part of a configurable "Build Your Own" supply outlet system, it is suited for applications requiring a durable brass finish and multi-gang configuration in standard wall box assemblies.

Constructed from brass, this cover plate is rated for 120V / 15A service and carries an IP20 environmental rating, making it appropriate for dry indoor environments.

The assembly is UL listed and backed by a 1-year warranty.
