

5 - Gang Stripped Brass Cover Plate, 120V 15A, IP20 Rated, UL Listed

- Stripped brass finish for a durable metal appearance
 - Brass material construction for structural durability
 - Rated for 120V, 15A electrical service
- IP20 rated for dry indoor, non-waterproof environments
 - UL listed for verified safety compliance
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-G-S-S-U-U is a 5-gang stripped brass cover plate for residence supply configurations, intended for commercial and residential electrical installations requiring a durable metal finish over multi-outlet wall boxes. The stripped brass construction provides a uniform appearance across gang configurations in standard wall box applications.

The plate is rated for 120V, 15A service and carries an IP20 rating, indicating suitability for dry indoor environments. Brass construction offers structural durability appropriate for high-traffic commercial and residential settings.

The product is UL listed and backed by a 1-year warranty.
