

5 - Gang Stripped Brass Residence Supply Outlet, 120V 15A, UL Listed

- Stripped brass finish over solid brass construction
- IP20 rated for non - waterproof, dry indoor environments
- Rated for 120V operation at 15A current draw
- UL listed for verified electrical safety compliance
- 50,000 hour rated component life
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-G-S-U-U-U is a 5 - gang stripped brass residence supply outlet designed for commercial and residential electrical distribution applications. The stripped brass construction provides a durable, conductive base suitable for contractor installation and field termination work.

This outlet is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments where no protection against liquid ingress is required. Internal components carry a rated life of 50,000 hours.

The unit is UL listed and backed by a 1 - year warranty.
