

5 - Gang Stripped Brass Residence Supply Connector, 120V, 15A, UL Listed

- Stripped brass finish over solid brass construction
- Rated for 120V operating voltage
- Supports up to 15A current draw
- IP20 rated for dry indoor use only
- UL listed for verified electrical safety
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-G-U-U-U-U is a 5 - gang stripped brass residence supply connector used as a feed point for configurable track and device installations. It suits commercial and residential projects requiring a durable, multi - opening supply connection.

Constructed from brass with a stripped brass finish, the connector is rated for 120V input and supports up to 15A of current draw, making it suitable for standard single - circuit supply applications. The IP20 rating and Non - Waterproof environmental rating indicate suitability for dry indoor environments only.

The connector is UL listed and backed by a 1 - year warranty.

SPECIFICATIONS
