

5 - Gang Stripped Brass Residence Supply Outlet, 120V 15A, UL Listed

- Stripped brass finish for a raw, ready-to-terminate hardware aesthetic
- Brass construction for mechanical durability and conductivity
- Rated for 120V operation
- Supports up to 15A current draw
- IP20 rating suited for dry indoor environments
- UL Listed with 1-year warranty coverage

OVERVIEW

The C-VTG-SS-5-S-S-T-U-U is a 5-gang stripped brass residence supply outlet designed for commercial and residential electrical distribution applications. The stripped brass construction provides a durable, ready-to-terminate connection point suitable for contractor installation in multi-outlet configurations.

This outlet is rated for 120V operation at 15A and is constructed from brass for reliable conductivity and mechanical durability. The IP20 rating indicates suitability for dry indoor environments, and the LED lifetime rating of 50,000 hours applies to integrated indicator components.

The unit is UL Listed and carries a 1-year warranty.

SPECIFICATIONS

OPTICAL
