

5 - Gang Stripped Brass Wall Plate with 2 Switch and 3 USB Openings, 120V 15A

- Brass construction with a stripped brass finish
- 5-gang configuration with 2 switch and 3 USB openings
- Rated 120V at 15A for residence supply circuits
- IP20 rated for dry indoor, non-waterproof environments
- UL listed for verified electrical safety compliance
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-S-S-U-U-U is a 5-gang stripped brass wall plate assembly configured with two switch openings and three USB openings, built for residence supply applications where multiple control and charging points are combined on a single plate. It is intended for use in commercial and residential installations requiring a durable brass construction and multi-gang configuration.

Constructed from brass with a stripped finish, the assembly is rated for 120V at 15A and carries an IP20 rating, making it suitable for dry indoor environments. The connector is UL listed and backed by a 1-year warranty.
