

5 - Gang Stripped Brass Toggle Switch Plate, 120V 15A, UL Listed

- Fabricated from solid brass with a stripped brass finish
- Configured for five toggle-style switch openings
- Rated for 120V operation at up to 15A current draw
- IP20 rated, non-waterproof, for indoor installations
- UL listed for verified safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-5-T-T-T-T-T is a 5-gang stripped brass toggle cover plate designed for residence supply applications requiring multiple toggle switch configurations in a single wall plate. The stripped brass construction provides a durable finish suitable for standard residential and light commercial wiring installations.

This cover plate accommodates five toggle-style openings and is fabricated from brass material, rated for 120V circuits at up to 15A with an IP20 non-waterproof environmental rating for indoor use.

The assembly is UL listed and backed by a 1-year warranty.
