

5 - Gang Stripped Brass Outlet Cover, Four Toggle Openings and One USB, UL Listed

- Stripped brass finish for vintage-style switch and outlet installations
- Solid brass material construction
- IP20 rated for dry, indoor locations
- Non-waterproof environmental rating restricts use to interior settings
- Rated for 120V operation at 15A current draw
- UL listed and backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-5-T-T-T-T-U is a 5-gang stripped brass wiring device cover configured with four toggle openings and one USB opening, intended for build-your-own residence supply installations where a custom multi-gang arrangement is required. The brass construction suits contractor and electrician assembly for commercial and residential projects.

The cover is rated for 120 V service at 15 A and carries an IP20 environmental rating, indicating suitability for indoor, non-waterproof applications only.

The product is UL listed and backed by a 1-year warranty.
