- Brass construction with a stripped brass finish
- Configured for three toggle switch openings and two duplex receptacle openings
- Rated for 120 V / 15 A electrical service
- IP20 rated, Non - Waterproof environmental rating for dry indoor use
- UL listed
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-SS-5-T-T-T-U-U is a 5-gang stripped brass residence supply outlet cover configured for three toggle switch openings and two duplex receptacle openings. It suits commercial and residential electrical installations where a single multi-device wallplate assembly is required.

Constructed from brass with a stripped brass finish, the cover plate is rated for 120 V / 15 A service and carries an IP20 rating with a Non - Waterproof environmental rating, suitable for dry indoor environments.

The assembly is UL listed and backed by a 1 - year warranty.
