- Three-way switching from a single-gang opening
- 72 × 120 mm plate with 83.5 mm mounting hole distance
- IP20, non-waterproof rating for dry interior locations
- UL listed, file number E481372-20200313, 1-year warranty

OVERVIEW

A single-gang vintage toggle switch with a handmade brass plate in a satin brass finish, suited to residential renovations, hospitality interiors and heritage restoration work where exposed wiring devices are part of the visual design. The plate measures 72 × 120 mm with an 83.5 mm mounting hole distance.

The device is rated 120 VAC at 15 A with a 150 W load rating and is wired for three-way switching. Construction is solid brass with an IP20 rating for dry, non-waterproof interior locations. Rated life is 50,000 hours and unit weight is 0.5 lb.

UL listed under file number E481372-20200313 and covered by a 1-year warranty. Handmade panels will show chromatic variation between pieces.
