

Vintage 2-Gang Toggle Wall Switch, Nickel Stainless Steel Panel, 110–250V

OVERVIEW

The LumiPro Vintage 2-Gang Toggle Switch (Nickel) is a decorative wall switch designed for residential and light commercial installations where a period-appropriate aesthetic is required. The stainless steel panel pairs with a brass toggle mechanism, available in a standard 86x86 mm format compatible with 86-size junction boxes.

Rated for 110–250V operation with a maximum current of 16A, the switch accommodates a wide voltage range suitable for both North American and international supply voltages. Panel thickness is 4 mm. This SKU is a Final Sale item carrying a limited 30-day warranty.
