

Vintage 2-Gang Toggle Wall Switch, Stainless Steel Panel, 110–250V, White

OVERVIEW

The LumiPro Vintage 2-Gang Toggle Switch is a decorative wall switch designed for residential and light commercial installations where a classic, industrial aesthetic is required. The stainless steel panel pairs with a brass toggle mechanism, offering a period-appropriate look suited for exposed-conduit, loft, or heritage-style interiors.

The switch operates across a 110–250V range and is rated for a maximum current of 16A. The panel measures 86mm x 86mm with a 4mm panel thickness and is compatible with standard 86-size junction boxes.

This item is a Final Sale product carrying a limited 30-day warranty. No certification claims are confirmed for this SKU at this time.
