

2-Gang Vintage Brass Toggle Switch, 120V AC, 150W per Switch, 3-Way

OVERVIEW

The C-VTG-SW2-VB is a 2-gang, 2-way vintage brass toggle switch designed for residential and light commercial wiring applications. The handcrafted brass construction gives each unit a distinctive aged finish; note that minor chromatic variation between units is inherent to the hand-finishing process. The plate mounts to a standard 120 × 120 mm wallbox with an 83.5 mm hole spacing.

The switch is rated for 120V AC operation and carries an IP20 environmental rating, making it suitable for dry indoor locations only. Rated service life is 50,000 hours. No waterproofing or outdoor use is supported.

A 1-year manufacturer warranty applies. UL certification is referenced in the product documentation; verify the applicable UL file number against your project's specification requirements before installation.

SPECIFICATIONS

IP rating	IP20	Rated life	50000 hours
Input voltage	120 V	Warranty	1 years
Dimensions	72x120mm / 120x120mm	Weight	0.5 lb
